President's Report

Welcome One and All Falcon GT Enthusiasts

To this month's newsletter

Another amazing month we have had from our May & June meetings with members attending and renewing their membership and conditional registration it was great to see so many faces at the meetings and hope to see a few more out on our club runs weather permitting.

We have been blessed with Sunny weekend cruises out and light showers about on the way home, So check out the events page and Facebook pages for the latest runs put together for us to enjoy as friends and with your family.

When I say check Facebook for run dates don't do what I did and get the weekends mixed up and miss another Brilliant run put together by Brian & Karen McMillan the recent club to the Bridge Hotel in Langhorne creek it was well supported by over 20 members and classic and modern GT's reversed parked right in front of the hotel garden for our own display in front of the Hotel for a public display for all that were traveling past on the main road

The Events committee has planned a plethora of new runs right up to December which I have given the details to my wife Lisa to put in our planner & I am truly looking forward to participating in, getting the Old Girl out and driving my XW, she needs a long run to blow the cob webs out and so does the GT, hopefully we can enjoy some sunny but mild days beating the rain and freezing days starts to set in, this would be a great time to get your new Falcon GT Club of SA winter Jacket

Check out The Falcon GT Club of SA Facebook page for upcoming runs from the events committee, Bryan & Karen McMillan regularly post updates of future events and members post great photos showing the great friendship a great among our club members

If you have not been on a Falcon GT Club run lately, please feel free to join in for a family filled day that caters for everyone, so join in you might be pleasantly surprised.

Please plan ahead if you can make the time and feel free to join in on the runs, I realise with life these days our schedules are jamb packed with work & family commitments, with more than 6 runs to choose from see if we can fit at least 1 into your schedule and take the family out with some like-minded Family of Falcon GT Enthusiasts.

Repeating from last newsletter

Information relating to entering the Falcon GT Nationals in Shepperton next year, all Undercover areas are booked out with only the outside areas available, Many members have relayed that the cost of this year's Nationals are considerably higher than previous years which has sadly many have decided to sit this one out, We have discussed at the recent club meeting for those that will enter but not wanting to attend the Catered Functions it was suggested at a club level we can organize our own dinner out at one of the many great restaurants close by.

Many have voiced let's keep it simple for the following national events and I can tell you many of the Falcon GT Clubs have already started looking into bringing a simple approach reminiscent of the very first Ballarat GT Nationals from the 1990s, so keep your eyes peeled for updates

In this Newsletter you will find Nomination Forms for committee positions within the club if you wish to put your hat in the ring please have someone nominate you, also will find proxy Voting forms so you can have your say as to whom you would like to support in the committee positions, make sure they are in Prior to the Next Club meeting on June 18th 2024

2025 Falcon GT Nationals (Refresher)

A few changes at the Nationals the Preliminary Judging (Formerly known as Scrutineering) name was changed to help entrants in realize to please prepare their cars prior to this as this is a large part of your points the Under Carriage Boot Engine bay presentation is essentially 75% of your judging tally and a part of the Judging process and your GT's.

The Meet & Greet venue is on site where the Display Day is being held with a great overlooking lake and the entrants paddock, The MOVE Museum has 3 main areas for setting up your car display each area is a different price point, From inside the **Pavilion (SOLD OUT)** to the **Outside large Annex Covered Open Air & concrete apron (SOLD OUT)** to the large fenced of grassed area all areas will form part of the display as Michael has mention in the Minutes are to be charged out, Inside would generally house the platinum award winning cars to Gold display area under the annex to the grassed general display for everyone else

The GT Club of Victoria has secured a few more affiliated Accommodation venues to choose from. **Please check the official Nationals Website and facebook pages for Accommodation updates**, these will be snapped up quickly too, with time flying past very quickly with less than 12 short months don't leave it to the last minute as you may find you have missed out.

Check the link out below, many in the Falcon GT club of SA have already booked their accommodation early bird gets the worm, already eager for a little warmer weather for the Nationals as it is usually 24-28 degrees at that time of year.

If you would like to have a country Victorian Holiday in Shepparton Victoria Start planning now, I am hoping to encourage as many Falcon GT Club of SA members to make a joint journey to Shepperton with a huge contingent of South Australian Members making the Journey together, as time fly's by very quickly before you know it, it will be upon us, so don't be caught thinking, I won't rush it there's plenty of time to plan for the next nationals.....Or is there!

Please Check the 20th Falcon GT Nationals for Registration and Accommodation and merchandise Information at <https://www.20thfalcongtnationals2025.com/>

You can also go to The NAFGTC Website for updates and to familiarise yourself with Judging categories' and criteria for each class, you can look for it ask your local Nationals delegate or you can ask a question and you will be directed to the appropriate information where possible

Peter Polson

President

The Falcon GT Club of SA Inc

Not sure if any of you check out the European races, as a little known event called the Le Mans 24h was run recently, and a Ford Mustang GT3 made it on the podium on its maiden attempt, coming third in it's class, which, over a race like Le Mans, is no small feat! It is great to see the Ford hierarchy getting enthusiastic about racing Mustang in such a high profile event, which of course, Ford won with the Ford GT (again, against Ferrari!) in 2016, as all the other 'pony cars' expire.

Once again, the GM and Dodge appliances have failed to survive the pounding of so many hooves tramping them into the tar, whilst we look forward to what is next. It's not a Falcon; however, a performance car with a V8 engine is likely to come from Ford for quite some time yet, as stated by Bill Ford, the great-grandson of company founder Henry, vowed to keep the V8 engine under the bonnet of the Mustang for as long as allowed by government regulators around the world.

"I love the V8s, but you know, we will progress as the world moves on, but I'd like us to keep the V8 as long as possible and we will," he said.

Right now, a V8 Mustang can be had as a GT, a GT3 and the hyper car GTD. The possibilities of Ford also bringing back past heroes, such as the Boss and Mach 1 branding, even the Bullitt remain possibilities. So long as the Mustang's beating heart feeds on the remains of dead dinosaur, screaming at 7000 rpm on all eight of its cylinders, the world should retain what little motoring fun remains, and allow some individualism above the sea of white and grey EV, SUV, that litter the roads today.

Cheers
ED.

ULTIMATE CLUB DAY

14th July (Sunday) 2024
18th August (Sunday) 2024

DRAGWAY
AT THE BEND

Australia's Newest, Quickest and Fastest Dragway presents The Ultimate Club Day!

Open to all car clubs and members to spend a day at the Dragway running down the ¼ mile and having some fun. See who has the fastest speed as part of our brand new product we are calling – Car Club Speed Challenge.

Here is how it works:

1. Rolling start, with take off speed measured between guard beam and the 60 foot beam. Your speed between these points can't be faster than 50 KPH. If you travel faster than 50 KPH through that trap your run will be disqualified(Like red lighting in a drag race)
2. Once past the 60 ft beam you go flat to the floor and run as fast as you can though the finish line.
3. The winner is determined by the fastest speed. You will receive a time slip that gives you all the speeds your vehicle travelled from start to 330ft, 660ft, and 1320ft.

This is as much fun as you can have with your clothes on!

No stress on vehicles as its not from a standing start and gives you a chance to see how fast your car will go in a safe legal environment.

The Deal: single club or join with other clubs to make the numbers up.

Entries: minimum 70 to 80 vehicles required for speed challenge.

Cost: \$100 per vehicle includes Day license, Personal accident insurance. Passengers can ride in the vehicle alongside you all day for \$30.

Vehicle/driver requirements: Open to all road registered cars, pass a basic vehicle safety check on the day. Driver will require an in-date helmet, long sleeves, long pants, enclosed shoes. Passengers will require the same.
